Agreement: As the parent/guardian of the above named player, I give my permission for her to play hockey with the NFGHA and agree to abide by the rules of the OWHHA and NFGHA. I am aware the sport of hockey involves a risk and the possibility of minor to severe injury or death. It is understood that I will not hold the Coaches, bench staff, or the Association responsible for any loss, damage, or injury. It is my responsibility to ensure the player is outfitted and wears all proper CSA approved hockey equipment. **Pictures and/or text of NFGHA players including their names may be used for internal or external NFGHA publicity purposes in various media.** I acknowledge that the personal information collected and retained by the Niagara Falls Girls Hockey Association, including but not limited to this registration form is expressly provided on the undersigned consent, on the understanding that such information will only be internally used in the administration and management of the Niagara Falls Girls Hockey Association.

I understand the NFGHA will be enforcing a rule making the wearing of mouth guards mandatory for all players. This includes both games and practices. Players will not be allowed on the ice without a mouth guard. Please initial_____

- Registration payments received prior to April 1, 2009. (\$75.00 per player) This discount EXCLUDES goalies.

NOTES OF EXPLANATION:

For the past two seasons, residents of NOTL have played only on NOTL based teams – but the age bracket changes may require more integration to complete and better balance teams.

NFGHA will endeavour to offer skills clinics from time to time at a nominal additional fee.

It is anticipated the younger ages of players will have practices and games at close to a 1:1 ratio (approximately 18 games) plus playoff games, but older divisions will have more games and less practices.

Continuing this season: The wearing of mouth guards will be mandatory for all players registered with NFGHA in the 2009-2010 season for all on-ice activities. The wearing of a mouth guard has been proven to reduce the severity of concussions and safety must be our priority.
